Offering Complete Integrated Package

Civil & Finishing Works

At Etlad, we are equipped with trusted builders and professionals, with wide experience in handling entire projects from design, and preparation to finishing works. Our civil and finishing works include fit-out and renovation services designed to meet our client's expectations, bringing beauty and comfort into your interiors.

Building Maintenance Services

Building maintenance is a crucial process that should be carried out efficiently. We at Etlad offer a variety of building maintenance and repair services to make sure your building is maintained to the highest standards. Our services include preventive maintenance, corrective maintenance, predictive maintenance, and routine maintenance

MEP Services

Etlad strives to keep your building elegant and functional by offering specialized mechanical, electrical, and plumbing engineering services for diverse industries. Our team works closely with clients to understand the purpose and value of their building and thereby provides installation & maintenance of all MEP services.

Concrete Cutting Services

If you require clean and precise concrete cutting services from a reliable contractor to best fit the requirements of your projects, we are the ones to call. Our employees are well trained to use a variety of equipment to tackle any job at any time. We provide you with professional core cutting, wire sawing, wall sawing, floor sawing, breaking, surface grinding and RCC scanning services.
