

Smart Home System

INTRODUCTION

Etlad is leading the frontline with our advanced smart home systems. With smart home technologies, Etlad aims to enhance the living experiences of our clients, providing them with sophisticated solutions that integrate seamlessly into modern lifestyles. These smart home systems encompass a range of features including home automation, energy efficiency solutions, advanced security systems, and more.

INTRODUCTION

ABOUT US

Established in the year 2007, with expertise in regions of UAE and KSA providing reliable construction and smart home automation solutions. With our client-centric approach, we ensure to provide our services incorporating advanced technology, machines and experienced team members.

ABOUT US

A smartwatch is displayed on a wooden stand on a round wooden coffee table. The watch screen shows the time 11:43 and the date Thursday 19 May. Below the time, there are four rows of data: BAKH 12:42, TOKYO 10:11, MELBO 11:41, and GREENLAND 05:40. The background is a blurred living room with a TV on a stand, a patterned rug, and a sofa.

How does Smart Home System Work?

Transform your home into a digital sphere!

Remote Access System

Control your home functions from
anywhere through your
smartphones

Safety Alerts

Receive alerts for CO2 levels,
water leaks, and intrusions.

Various Device Compatibility

Works seamlessly with iOS
and Android devices

Voice Assistant Integration

Accessible with Voice assistants
including Apple Home Kit,
Google Assistant & Amazon Alexa

Activity Notifications

Get alerts for any suspicious activity or accidents.

Smart Control

Manage lighting and climate settings with your phone.

System Integration

Integrate your surveillance cameras, alarms, and intercoms.

Synchronized Music

Enjoy synchronized music throughout your home with high-quality sound systems.

Energy Efficiency

Optimize energy usage and reduce utility costs.

Comprehensive Control

Access lighting, security, and camera functions.

Accessible from Anywhere

Control your home functions through your smartphone
from anywhere in the world

Advanced Security

Protect your home and loved ones with advanced security features.

**Experience the automation magic
in your homes with Etlad smart home systems!**
